Recognising the champions of Australian bulk and powder handling

The Third Annual
Australian Bulk Handling Awards
Wednesday, 26 November 2008
Doltone House Pyrmont Point Sydney
7.00pm pre-dinner drinks
7.30pm dinner and Awards

Being convened for the third time, the Australian Bulk Handling Awards recognize excellence and achievement in Australia's bulk and powder handling sectors.

At a glittering gala dinner on November 26, 10 awards will be distributed to the high-flyers and champions of our industry, in a night interspersed with entertainment and fun.

The Awards night will allow old friends and colleagues in the industry to get together, talk shop, and recognize the often unsung heroes of their trade.

Nominations for the Awards will be sought from all sections of the bulk and powder handling industries. Nomination is simple, requiring a brief write-up and photos. Companies and individuals can nominate themselves, as well as colleagues, peers and associates.

Awards Nominations

An eminent judging panel will review the nominations for eight of the awards in the months leading up to the gala dinner, with the winners kept secret until the night of November 26th.

Awards Sponsorship

The inaugural and second Bulk Handling Awards, held in Melbourne and Sydney respectively in 2006 and 2007, attracted considerable industry support, in terms of attendance, nominations and sponsorship.

At this stage, companies and individuals are urged to: book their spot at the Awards; nominate for an Award; and also to sponsor the event.

★ FEATURED SPEAKERS

MC - John Blackman

The Master of One Liners and as a result, is in great demand...
